SPECIFICATION SHEET

Grillmaster, Inc. reserves the right to change specifications and design without notice.

MODEL; OB - OPPOSED BLADE DAMPER

OPTIONAL WITH FUSIBLE LINK - F/L

NOTE: WHEN SPECIAL DETAILS ARE REQUIRED, MAKE SKETCH SHOWING SPECIAL APPLICATION. APPROVED SUBMITTAL SHEET SHOULD ACCOMPANY ORDER.

NOTE: OB available either.
1. - Key operated
2. - Handle operated

DESIGN: The OB Series Opposed Blade Dampers allow precise volume control. Exclusive design insures blades remaining at present positions. Screwdriver operated for grilles, and handle operated for diffusers. May be ordered with optional Fusible Link which melts at 158°

CONSTRUCTION: Construction entirely of extruded aluminum .050 nominal wall thickness. Mill finish. Maximum size in one unit is 24" wide x 15" high.
